Dear Parent / Carer,

Raising E-Safety awareness

Raising E-safety awareness: The importance of knowing the dangers on the internet.

As part of our on-going commitment to improving communication with parents, you are warmly invited to an e-safety awareness workshop held at St. Andrew's CEVA Primary School with your child's class. The sessions are being run by an external company and are age appropriate.

As a school we recognise the difficult challenges children can face, we aim to provide them and yourselves with as much key information as possible to empower them to become safe users of the internet and mobile devices.

The main purpose of the workshop will be to learn about specific online concerns and dangers, which your son/daughter may face or be exposed to, and to find out how you can minimise the risks.

Please be aware we are unable to accommodate or supervise younger siblings on this occasion.

If you would like to attend please feel free to turn up for the appropriate session in relation to your child's class – no booking required.

I hope to see you through the week.

Yours sincerely,

SHodson
