Photographs, Videos, Internet Access and Local Walks

INTERNET ACCESS

It is part of the School curriculum that every child in the school has restricted internet access and the use of sending e-mails, which are fully supervised by adults and all computers are within view of the staff.

Pupils will be held responsible for their actions and that the rules and sanctions have been explained to all pupils.

Whilst every reasonable endeavour is made to ensure that suitable precautions are taken, neither the school nor the Local Authority can guarantee absolutely that the children do not see undesirable material.

LOCAL WALKS

Throughout the school year the children will participate in walks around the local area with other class members and members of staff. This includes scheduled school visits to and from our local church, St Andrews Church in Great Billing.

PHOTOGRAPHS/VIDEOS

We regularly take photographs of the children attending our school as part of our public duty. We may use these images in our school prospectus and in other printed publications that we produce.

Photographs of children are used for their learning experience and to show educational activities and achievements. Photographs will be displayed in the school, in newsletters, on the school website and on social media. We may also make video or webcam recordings for educational use.

Occasionally the media will take photographs or film footage of a school profile event. Pupils will often appear in these images.

As a school we are aware that it is essential that photographs are taken and stored appropriately to safeguard the children in our care.

We take our duty of care towards our school community very seriously. It is of our upmost importance.

If you have any Safeguarding concerns regarding personal images and information being displayed, please contact the school so that we can respond appropriately.
